

72nd BPSC

**PRELIMS REVISION PLUS
BATCH**

21st October 2026

The final stages of Preliminary Examination preparation demand more than revisiting facts and reading through notes. Aspirants need to strengthen conceptual clarity, recall important information, practise exam-oriented questions, and identify the areas where further improvement is required. The real challenge lies in converting months of preparation into accurate answers under examination pressure.

StudyIQ's 72nd BPSC Prelims Revision Plus Batch is designed to help aspirants bring structure, consistency, and direction to their revision journey. With 200 hours of focused classes, a balanced Concept + MCQ approach, daily practice, weekly assessments, previous year question analysis, and performance-tracking mentorship, the programme aims to help candidates reinforce their preparation and approach the BPSC Preliminary Examination with greater confidence. It combines systematic revision with continuous evaluation so that aspirants can focus not just on what they study, but also on how effectively they apply their knowledge.

KEY FEATURES

200 Hours of Comprehensive Revision Classes

- **Structured Subject-Wise Revision:** Strengthen your preparation through 200 hours of focused classes designed to revisit important concepts, reinforce essential facts, and consolidate your understanding of the Prelims syllabus.
- **Focused Exam Preparation:** Use guided revision to reconnect concepts, clarify doubts, and improve recall of examination-relevant information.

Concept + MCQ-Based Learning Approach

- **Build Conceptual Clarity:** Revise important topics by understanding the underlying concepts rather than relying solely on memorisation, helping you approach unfamiliar questions more confidently.
- **Apply Knowledge Through MCQs:** Practise objective questions alongside concept revision to learn how facts and concepts are tested and improve your question-solving approach.

Daily Practice Paper (DPPs)

- **Consistent Daily Practice:** Reinforce classroom learning through Daily Practice Paper that encourage regular engagement with important topics and exam-oriented questions.
- **Identify Learning Gaps Early:** Use daily practice to recognise recurring mistakes, revisit weak areas, and develop greater consistency in solving objective questions.

Weekly Tests for Regular Assessment

- **Evaluate Your Preparation:** Attempt weekly tests to assess your understanding of revised topics and measure how effectively you can apply your knowledge.
- **Improve Through Review:** Analyse your performance after each test, identify areas requiring attention, and use the findings to plan more focused revision.

92-8999-6924

Previous Year Questions (PYQs) Analysis

- **Understand Examination Trends:** Analyse previous years' BPSC questions to develop a clearer understanding of recurring themes, important subject areas, and the style of objective questioning.
- **Practise with Greater Insight:** Learn to connect syllabus concepts with actual examination questions and use PYQ analysis to guide your revision priorities.

5

Performance Tracking and Mentorship

- **Monitor Your Progress:** Track your performance across practice activities and tests to identify strengths, weaknesses, and areas where improvement is needed.
- **Guided Preparation:** Benefit from performance-oriented mentorship to approach your preparation more systematically and make better-informed decisions about revision and practice.

6

Weekly Current Affairs Classes

- **Regular Current Affairs Coverage:** Stay connected with important national, international, and Bihar-related developments through dedicated weekly current affairs sessions.
- **Strengthen Current Affairs Revision:** Reinforce important updates and understand their examination relevance to support a more comprehensive approach to BPSC Prelims preparation.
