# Program Features

## ▶ **1-to-1 Personalized Mentorship – Dedicated Prelims preparation guidance**

Every aspirant has unique strengths, weaknesses, and learning styles. Through one-on-one mentorship sessions, you will receive customized guidance that fits your preparation needs. Mentors will help with study planning, doubt-solving, performance analysis, and motivation — ensuring you stay consistent and focused throughout your journey.

## ▶ **Preparation Progress Tracker (PPT) – Weekly/monthly targets for Prelims**

Discipline and consistency are key to clearing Prelims. With the Preparation Progress Tracker (PPT), you'll have clear weekly and monthly milestones. This structured approach helps you measure progress, stay accountable, and ensure that you're always moving forward without wasting time.

## ▶ **Darpan Assessments – Subject-wise evaluation**

The Darpan Assessments are specially designed to evaluate your grasp of each subject. By attempting these targeted tests, you'll know exactly where you stand, what topics you've mastered, and where you need to improve. This ensures deep learning and subject-wise clarity, rather than just surface-level preparation.

## ▶ **Comprehensive Prelims Test Series (91 Prayas Tests + 8 Darpan + 14 CA)**

Practice is the backbone of UPSC Prelims preparation. With 91 Prayas Tests covering the entire syllabus, 8 Darpan Tests for subject evaluation, and 14 Current Affairs Tests, this program provides you with a complete test ecosystem. These tests simulate the UPSC level of difficulty, train you in time management, and help you master the art of elimination techniques.

## ▶ **Current Affairs Coverage – Monthly magazine + MCQs**

Current Affairs play a decisive role in Prelims. This program ensures 360° coverage through a monthly current affairs magazine (for concise, exam-oriented reading) and MCQs based on current events (for practice). This dual approach helps you stay updated, retain facts better, and apply them effectively in the exam.

## ▶ **PYQ Sessions – UPSC Prelims trends & analysis**

Past Year Questions (PYQs) are the most authentic guide to understanding UPSC's demand. In these sessions, mentors will analyze question trends, difficulty levels, and recurring topics. This helps you identify high-probability areas and align your preparation with the actual exam pattern, giving you a competitive edge.

# Stages of Mentorship (12 Months)

- » Building a strong foundation with NCERTs and basic concepts.
- » Understanding exam trends and subject weightage.
- » Setting the right mindset and study routine for a long-term journey.

## PERSONAL ASSESSMENT OF PREPARATION – SUBJECT-WISE EVALUATION

Every aspirant has different strengths and weaknesses. In this stage, mentors conduct a detailed subject-wise assessment through tests, discussions, and performance tracking. This helps in:

- » Identifying areas of improvement in each subject.
- » Designing a customized preparation plan for every aspirant.
- » Providing individual mentorship sessions to overcome learning gaps.

## FULL PRELIMS PREPARATION – TESTS, REVISIONS & STRATEGIES

Once the foundation is strong and assessments are done, the final stage focuses on exam readiness. This includes:

- » Intensive test practice (sectional + full-length mocks).
- » Multiple revision cycles for maximum retention.
