It is said that Optional determines the destiny of UPSC journey. It is the most important weapon to conquer this exam. To get into the final list, one must ace the optionals.

Mathematics Optional Batch 2024

StudyIQ is here with its Mathematics Optional Course. Let's start with understanding the Merits of Mathematics Optional.

Scoring optional: The subject is factual and logical rather than opinion-based or subjective, hence easy to score 300+ marks.

Breaks Monotonicity from GS preparation: Apart from the theorems and formulas, you don't have to memorize many things in this paper.

The syllabus of Maths Optional is static in nature and not linked to current affairs, hence no regular updation is required.

Features of the Course

600 hours of Live lectures
spread over 6 months

Comprehensive coverage of
each and every topic

More than 1500+ questions in
form of practice sheets.

Formula Sheets will be
provided for each and every
topic

Previous Year Questions
discussions from Civil Service
Exam and Indian Forest Service

Regular Doubt-clearing
sessions by the faculty

Features of the Test Series

Note: During the first few days few orientation sessions will be conducted. The students will be informed regarding the timings of such session in advance.
