**Result-Oriented Approach**

## Our values

## Course Overview :

This course is designed to help students crack the NIACL AO Generalist 2024 exam, covering both Prelims and Mains. The curriculum includes comprehensive coverage of key subjects: English Language, Quantitative Aptitude, and Reasoning Ability for Prelims. For Mains, it extends to advanced topics like Data Analysis, Reasoning, Computer Aptitude, and General/Economic Awareness. The course also includes mock tests, practice sessions, and strategy planning to enhance problem-solving speed and accuracy. With focused preparation, this course aims to build confidence and skills, ensuring students are fully prepared to excel in the NIACL AO Generalist 2024 exam.

## About the Exam:

The NIACL AO Generalist 2024 exam consists of two stages: Prelims and Mains. The Prelims exam is an objective test covering English Language, Quantitative Aptitude, and Reasoning Ability. It serves as a qualifying round for the Mains exam. The Mains exam includes both objective and descriptive sections, focusing on Reasoning, Quantitative Aptitude, English, General/Economic Awareness, and Computer Aptitude. Candidates who clear Mains proceed to the interview round. Success in all stages is essential to secure a position as an Administrative Officer.

## Standout Features:

- 650+ Hours Of Live Classes
- 3000+ Practice Questions
- Regular Practice Quizzes
- Live Doubt Clearing Sessions
- 24/7 Access to Content
- Mentorship Session
