Every year, over **9 lakh aspirants** apply for the UPSC exam, but only around **10,000 make it to Mains** — that's just 1%.

Why Choose SIP 2026?

Preparing for UPSC Prelims can often feel overwhelming — vast syllabus, multiple sources, unpredictable questions, and pressure to perform.

The Success in Prelims (SIP) Program simplifies your journey by turning every challenge into a structured, guided plan for success.

Challenge	SIP's Smart Solution
Vast and Vague Syllabus	The syllabus often feels endless — from History to Economy, Polity to Environment. SIP offers **structured coverage of all NCERTs and Standard Books,** ensuring nothing is missed and your preparation stays focused.
Multiplicity of Sources	With so many books, notes, and PDFs, revision becomes chaotic. SIP provides **one-stop integrated study material,** merging static content and current affairs into concise, easy-to-revise booklets.
Lack of Practice	Many aspirants study but don't test themselves enough. SIP bridges that gap with **regular discipline-based tests** after every subject to build exam stamina and accuracy.
Mystery of Current Affairs	Current affairs can be tricky and ever-changing. SIP's **integrated preparation approach** connects current events with static concepts, helping you understand issues in depth instead of just memorizing them.
Poor Test-Taking Strategy	Cracking Prelims is not just about knowledge — it's about strategy. SIP provides **real UPSC-style simulator and open tests** to help you master time management, question selection, and elimination techniques.

SIP isn't just a revision plan — it's a **complete Prelims preparation ecosystem** designed to:

- **Organize your preparation**
- **Reduce confusion**
- **Sharpen accuracy and decision-making**
- **Build confidence for D-day**
